MEMORANDUM FOR THE RECORD

SUBJECT: Drug Enforcement Administration

25X1
25X1A

1. Howard Osborn (Director of Security) telephoned me on 23 July 1973 stating he had delivered, by hand, to Pat Fuller of DEA the letter to John Bartels signed by Mr. Colby and dated 19 July 1973. He indicated that Fuller was somewhat concerned but understood our problem. In light of the fact that there had been a transfer [redacted] Mr. Fuller wanted to keep the man [redacted] until the end of the year. Osborn inquired whether I thought this would cause any difficulty. I indicated that since Fuller had stated there would be difficulties extricating this situation in any event, that this time frame seemed reasonable.

25X1A

2. [redacted] called on 25 July 1973 to verify this timing. I again informed him that I had told Osborn that this seemed not inconsistent with Mr. Colby's decision.
